

The constant adaptation and search for new trends and technologies involves continuous innovation in each of our products. The aesthetic proposals that **Realonda** presents this year at the International Coverings 2022 fair, turn around the quality and high performance of ceramics.

**Realonda S.A.** is proposing this year new concepts that offer a more emotional design, which provides innovative solutions to both outdoor and indoor projects. Its commitment to innovative porcelain products with special thickness, non-slip flooring and antibacterial pieces.

The continuous search for innovation and differentiation in its products has led **Realonda** to the development of the new *Hi-Thick 1.4* line. These porcelain products provide high performance and mechanical strength thanks to its new 14 mm thickness, with a non-slip finish soft to the touch. The **INCA** series is made up of two geometrics motifs, **Triangle Grey** and **Pattern Grey**. In addition to this, **FRESCO** series comes in four different colors (**Ash, Mint, Blue** and **Black**), while the timeless **VENICE** model has two shades (**Denim** and **Smoke**). On the other hand, the **CARNIVAL** collection can be found in various colors: **White, Color, Gray** and **Beige**, inspired by traditional terrazzo.

Inca Triangle Grey 32,9x32,9 cm · 13"x13"

The **PENNY** collection, inspired by the circular mosaic in a 31 x 31 cm format, thanks to its characteristic relief and following the most innovative manufacturing techniques, allows a complete grouting, making joints disappear to the eye. The model is available in glossy finishes (**Glossy White, Glossy Grey, Glossy Blue Mix, Dakhla White, Dakhala Aqua and Dakhla Azure**), marble finishes (**Glossy Calacatta, Calacatta Gold and Marble Mix**), monocolors (**Frost, Ash, Ocean, Mint and Dark**) and an impressive metallic finish (**Metal**).

Penny Marble Mix 31x31 cm · 12"x12"

**GATSBY** collection (available in **Grey, Emerald and Dark**) and **AVALON** series, follow an Art-Decò-inspired design, simulating geometric marbles. On the other hand, **STAR** (**White, Sage and Navy**) hints to classic hydraulic models. These models are presented in 44 x 44 cm format with a pre-incision that imitates pieces of 22 x 22 cm once grouted. Finally, our existing **ORLY** collection, presents two new designs in cement (**Stone**) and color (**Blue**).

Apart from this, **Realonda** has created a new generation of endless pieces with a highly marked relief. These new designs are: **EMPIRE**, available in metallic finishes (**Zinc, Copper and Iron**), a marble imitation (**Marble**) and a plain white satin (**White**). On this line of high-relief developments, **DRIFTWOOD** (**Oak, Walnut and Ebony**) and **PIETRA** (**White, Beige and Grey**) models replicate the natural textures of wood and stone. They are available in 31 x 56 cm format.

Driftwood Oak 31x56 cm · 12"x22"

We also add to our existing range **HEX ZELLIGE** a new blue color (**Azure**), which is added to the existing malachite green, both in format 26,5 x 51 cm. **OASIS** is the new hexagonal tile presented at Coverings. This model is inspired by handmade watercolors designs, endowed with a tropical style in a 28,5 x 33 cm format.

The **Smart Grip** collection presented by **Realonda** is characterized by products that guarantee safety indoors and outdoors even in wet conditions, through non-slip floors, which allow new design possibilities and maintain a soft-touch surface. Inspired by nature, Smartgrip consists of five models inspired by natural stones (**ESLA, CANYON, FILITA, SLATE INDIAN** y **BORGOGNA WHITE**) in 44 x 66 cm, with three different reliefs (**Cobblestone, Stonework** and **Flagstone**), a base and, in addition, a modular model (combinable multiformat).

**Activ** is our new line of antibacterial products, created by **Realonda**, offering safety and hygiene for the entire home thanks to its innovative ceramic compounds. These models are available for any type of space, whether domestic or public, and offer greater ease of cleaning and maintenance.

The collection consists of a variety of hexagonal tiles with a classic geometric style, in size 28,5 x 33 cm. The collection comprises the finishes **VENATO (Deco Grey and Deco Dark)**, **BARDIGLIO (Bardiglio Deco)**, **AGRA** and **ELAZIG** models. Its design is inspired by classical sober marble and is composed of monochromatic colors that range from black to white. **CARNABY** collection is available in three colors (**Sky, Grey and Black**), reminiscent of traditional European design and essence, perfect for semi-urban environments. Finally, **KERALA** is inspired by exotic and floral motifs, and is available in four colors (**White, Grey, Charcoal and Aqua**).
